

## RC500LX

## Regulator for cool room

### Technical Data

|                                     |                                         |
|-------------------------------------|-----------------------------------------|
| <b>Frontal protection</b>           | IP 65                                   |
| <b>Dimensions</b>                   | 210x245 mm, depth 90 mm                 |
| <b>Mouting</b>                      | wall-mounting with fixing screws        |
| <b>Usage temperature</b>            | -5...50°C                               |
| <b>Storage temperature</b>          | -20...85°C                              |
| <b>Usage environment humidity</b>   | 10...90% RH                             |
| <b>Storage environment humidity</b> | 10...90% RH                             |
| <b>Serial</b>                       | TTL port for Copy Card                  |
| <b>Display</b>                      | Double display 3 digits 1/2 + 4 digits  |
| <b>Precision</b>                    | above 0.5% of bottom scale + 1 digit    |
| <b>Consumption</b>                  | 8 VA max                                |
| <b>Resolution</b>                   | 1°C or 0.1°C                            |
| <b>Power supply</b>                 | 230V +/-10%                             |
| <b>Connections</b>                  | screw terminals for <2.5mm <sup>2</sup> |
